Dear Brethren,

If you are reading this letter, you probably have some interest in addiction, addiction recovery and/or the Project Rescue Program.

After 30 years of ministering to addicts and alcoholics, my purpose now is to encourage brethren to establish an addiction recovery effort in their area.

### **We need a program like Project Rescue in every state:**

1. Addiction is wreaking havoc on families among churches of Christ.
2. Many Americans are suffering from the consequences of sin addictions.
3. God is using Project Rescue and the Gospel to answer the prayers of parents, spouses and grandparents!
4. The addiction recovery mission field offers many evangelistic opportunities. Fish are jumping into our boats!

### **The following information is designed.....**

1. To help those who want to establish an addiction recovery program in their community.
2. To help elders, preachers and members address addiction issues in their congregations.
3. To help parents, spouses, relatives, and friends of drug addicts and alcoholics.

I am willing to travel to churches of Christ throughout America. I will exhort, preach and teach about the scourge of addiction. I will also point out the opportunities addiction presents to the Lord's church in your community. Ronnie Crocker's Biographical Sketch can be access at [www.projectrescue.org](http://www.projectrescue.org)

In His Service,

Ronnie Crocker, (a mess who ministers to messes)
